ELBA, ALABAMA, THURSDAY, AUGUST 9, 1962

NUMBER 11

## Alabama Electric Cooperative Pushes For Expansion Loan

Alabama Electric Cooperative has recently filed with the Finance Director of the State of Alabama additional information and documents regarding its proposed \$20 million expansion program.

Filing of the data was in compliance with a Montgomery Circuit Court order obtained against the Finance Director by Alabama Power Company compelling him to request the cooperative to furnish certain documents and answer certain questions as posed by Alabama Power Company.

Alabama Power Company is seeking to block Alabama Electric's proposed development.

Under Alabama law, the State Finance Department must approve the project before loan funds advanced to the cooperative by the Rural Electrification Administration (REA) last November can be utilized.

"Based on our full compliance with the Finance Director's order, the temporary injunction obtained by Alabama Power Company to restrain him from proceeding with the hearing on our project has been dissolved. The hearing is scheduled to resume in the near future," M. A. McWilliams, Alabama Electric President, said.

"We certainly have nothing to hide and our plans and expansion program are open and above-board in every respect," McWilliams declared.

"I want to emphasize that practically all of the information and documents filed would have been introduced into the proceedings in the normal course of the hearing. Further, as a matter of fact we have already submitted more information regarding our expansion program than Alabama Power Company would normally submit on a similar project."

"For this reason, we deeply resent the pious pronouncements of the Alabama Power Company that it needed the additional information, which we have filed, to intelligently approve our expansion program. This move was simply another delaying tactic on the part of this giant corporation which is fighting so viciously to squeeze Alabama Electric out of existence," McWilliams asserted.

Alabama Electric Cooperative is composed of 17 rural electric cooperatives and six municipalities in Central and South Alabama and Northwest Florida.

The cooperative has been approved for a practice and then it should report this to his County Committee. Mr. Bess explained. This may be the committee to approve the practice for him or some other farmer in the county. If materials or services are not furnished to the farmer for a practice which he cannot complete, the farmer should arrange with the ASCE office for settlement of the charges or for approval of a substitute conservation work on their land in recent years, may overlook the fact that ACP cost share assistance is not automatic just because the work was approved earlier in the year. Performance of the practice must be completed and reported to the ASCE office by the date shown on the notice of approval.

If the farmer receives approval for a practice and then finds that he is unable to carry it out, he should report this to his County Committee. Mr. Bess explained. This may be the committee to approve the practice for him or some other farmer in the county. If materials or services are not furnished to the farmer for a practice which he cannot complete, the farmer should arrange with the ASCE office for settlement of the charges or for approval of a substitute conservation work on their land in recent years, may overlook the fact that ACP cost share assistance is not automatic just because the work was approved earlier in the year. Performance of the practice must be completed and reported to the ASCE office by the date shown on the notice of approval.

The birthday of Walter D. Bellingrath, late philanthropist and mobile businessman, will be observed Sunday, August 12 by opening famed Bellingrath Gardens to the public without charge.

A spokesman for the Bellingrath - Morse Foundation announced that the opening of the Gardens without charge would be observed in memory of Mr. Bellingrath and his wife, Mrs. Bessie Morse Bellingrath, co-founders of the Gardens.

Visitors will be admitted to the Bellingrath Home for the usual price of admission. Bellingrath first invited the public to help celebrate his birthday in the Gardens in 1919. So enthusiastic was the response that it has been continued since then with several thousand persons visiting the Gardens on each occasion.

Bellingrath Gardens and the Bellingrath home were acquired by Bellingrath to the Bellingrath - Morse Foundation, beneficiaries of which are Southern religious and educational institutions.

As of July 31, 1962 practices had been reported as completed on 159 farms in Coffee County.

## More Than 4,000 Expected For Annual Meeting

A record attendance of more than 4,000 persons is expected for the 1962 annual members meeting of the Covington Electric Cooperative, which will be held Saturday night, August 11, at the Andalusia Municipal Stadium.

Registration of members will begin at 5:00 P.M., with the entertainment program starting at 6:30, and the business session at 7:15.

With Covington County Shriners and Andalusia merchants joining hands for special events in Andalusia on August 11, which will include a parade, picnic and beauty contest, and with an outstanding program lineup which the cooperative has assembled for the meeting, a record attendance for any Covington Electric meeting is anticipated.

Norman M. Clapp, of Washington, D. C., Administrator of the Rural Electrification Administration (REA), will be the principal speaker. A native of Wisconsin, Clapp took office as head of the nation's ACP in March of 1961. A former newspaper publisher and Assistant to the late

## SEE ALABAMA FIRST

I have given a detailed account of most of the places we visited on the Editor's tour in North Alabama earlier this year. I am giving this week's tour to the June Editor's tour and also quoting from letters we have received from different persons since the tour. Several of the letters received have been mislabeled which we regret for we were so pleased to receive them from several of the places we visited following an account of a particular place.

Also interesting to me is that several people in Elba and other readers of this newspaper have visited several of the places written about and who have told me in person or by telephone that they had been to these places and how much they had enjoyed the visits.

On the tour we were guests at the Moulton Hotel, Birmingham, Mr. William P. Wright, manager for lunch. While in Birmingham we were guests of the Liberty National Life Insurance Company, Birmingham, Mr. John Newton Baker, Director of Public Relations. At the Ave Maria Grotto, Cullman we were guests of Father Lamber Gattman, O.S.B. For dinner on the first day of the tour we were guests of the All Steak Cafe, Cullman, Mr. and Mrs. Ewing Wallace. The Cullman Chamber of Commerce.

## EACH PRESCRIPTION INFLUENCES YOUR LIFE

Your physician writes a prescription because he either wants to make or keep you healthy. His diagnosis of your condition indicates you need this medicine.

Follow his advice as given. We will label his directions for use and, of course, dispense the exact medicine prescribed. But, unless you actually take the medicine as directed, you have wasted his time, your money & lessened your chances to keep well.

## YOUR DOCTOR CAN DIAL TW 7-2407—WHEN YOU NEED MEDICINE!

Pick up your prescription while shopping near us. A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?

Mr. and Mrs. E. E. Ponder, entertained at a reception for the dinner. We were guests of the Grotto Motor Hotel at Gadsden, Mr. Bob Reich, manager, for our first overnight on the trip.

At Little River Canyon, DeSoto State Park, the DeKalb County Tourist Association. Mrs. Margie Gravit was our hostess.

We were guests of Mr. Myron Raymond at Mantion Cave at Port Payne. For lunch that day we were guests of the Grotto Motor Hotel at Gadsden, Mr. Thurston Cowen, President. At the Guntersville Chamber of Commerce, Mr. and Mrs. Jim Reeves. For a boat trip on Guntersville Lake we were guests of the Guntersville Chamber of Commerce, Mrs. Tommie Gravit, Manager. Overnight, we were guests at the Russell Erskine Hotel, Mr. Ray Nash, manager. Earlier we were guests of Mr. and Mrs. Jay Gurley at Grant, for dinner at the Cathedral Caverns.

Saturday we had breakfast as guests at the Huntsville Times. Mr. Leroy Simmes, editor. We had coffee in Decatur as guests of Mr. R. W. Wright, Decatur Chamber of Commerce. Luncheon was a delightful occasion at the Turtle Point Yacht and Country Club where our hosts were Mr. Harold May of The Florence Herald, and Mr. Hewlett Jackson, Florence Chamber of Commerce.

During the afternoon, we were guests of Mr. W. M. Massey, at the Dismal Wonder. We were guests of Mr. W. M. Massey, at the Dismal Wonder. We were guests of Mr. W. M. Massey, at the Dismal Wonder. We were guests of Mr. W. M. Massey, at the Dismal Wonder.

For dinner at Moundsville our hosts were Mr. Clyde Shipley. At the Moundsville Museum, Mr. David DeBrette was our host. Overnight we were guests of Mr. Victor Rogers, Innkeeper of Holiday Inn, Tuscaloosa.

Sunday, our last day on the tour, we were breakfast guests at the Tuscaloosa News. The Tuscaloosa Chamber of Commerce represented by Mr. John Caldwell, carried us on a tour of the University of Alabama. The tour ended following a luncheon at the Thomas Jefferson Hotel in Birmingham when Mr. Austin Frame, manager, was our host.

## LETTERS CONCERNING THE TOUR

Route One, Kinston, Alabama, July 29, 1962.

Dear Mrs. McRae: The week you wrote in the Elba Clipper about your visit to Mantion Cave at Port Payne, Alabama, my husband, myself, and our son were going to Lookout Mountain. After I read your article we decided we would stop and see the cave. I believe it was the most interesting thing we saw on our trip. If it had not been for your article we probably would not have stopped to see it, but we're so glad we did.

I would like to commend you for the interest in the Elba Clipper. It is so much more interesting.

Yours truly,

Mrs. Lelen Weeks

St. Bernard Abbey, St. Bernard, Alabama.

Dear Mrs. McRae:

Our sincere congratulations on "The Rambler" for its interesting and informative of your trip with the Editors from South Alabama. I am confident that your many readers will be particularly pleased with this series of articles.

Also, our very special thanks for your excellent account of your visit to the Ave Maria Grotto. I was thrilled with your account and it will be an incentive for us to give more time to our guests in the future.

Yours truly,

John C. Henley, III, President.

## OUR TRIP WEST

LOS ANGELES MUSEUM

A visit to the Los Angeles County Museum, which celebrated its 50th anniversary in 1960, was another very interesting part of our trip. The museum is a means of assisting and recording the memory of a community, a nation, a race; so that the necessary task of re-writing history is made easier. The museum helps each generation to approach nearer and nearer to the truth in its understanding of the past. The Los Angeles County Museum was founded half a century ago, and in many fields, in the fine and applied arts and the crafts, in science, history and education, is serving a fast growing community with distinction, dignity, and vision. It has now entered upon its second

and fifty years. The art collections began to have substance, quality and range when William Randolph Hearst displayed a strong interest in the museum and from his own collection, the Hearst Foundation, and Hearst Magazines, the Museum received most of its ancient and medieval sculpture, Egyptian objects and Greek vases, together with important objects of Near Eastern art. The publisher's other gifts included paintings by Rembrandt, Van Dyck, Rubens, Jordans, Teniers, Bol, Lely, Lawrence, Veronese, Boucher, and Praxinos. Hearst is responsible for the largest growth in the art collections. Within the last few years the generosity of collectors has continued to add to the Museum. Two of the world's outstanding Persian carpets and a number of 18th century tapestries, as well as a suite of five complete French 18th century period rooms have enriched the holdings there. A collection of fossils from the Rancho La Brea tar deposits contributed to the Division of Science. In that department is seen remarkable collection of skeletons. The Science Division contains a skeleton of a one hundred million year old sea serpent, of plesiosaur, which is installed in the Hall of Evolving Life. The accumulating reference collections and the field investigations naturally have given rise to con-

siderable scientific research. Soon after getting to California two strong earthquakes shattered windows and did considerable damage in northern areas. The quakes shook up thousands of persons shortly before midnight on the second Saturday night we were in California.

I had heard people talk about how pictures on the walls in California homes would have to be straightened every day because of minor shakes and I was half-way expecting the whole state to be swallowed up, me along with it, while there, so I was actually sort of prepared to be buried alive in California.

It seems that the two quakes that shook up the northern part of the state and was felt in some places on down where we were, power split with a spectacular flash, a highway was blocked by an earth slide and store windows were shattered at the Division of Science. In that department is seen remarkable collection of skeletons. The Science Division contains a skeleton of a one hundred million year old sea serpent, of plesiosaur, which is installed in the Hall of Evolving Life. The accumulating reference collections and the field investigations naturally have given rise to con-

siderable scientific research. Soon after getting to California two strong earthquakes shattered windows and did considerable damage in northern areas. The quakes shook up thousands of persons shortly before midnight on the second Saturday night we were in California.

I had heard people talk about how pictures on the walls in California homes would have to be straightened every day because of minor shakes and I was half-way expecting the whole state to be swallowed up, me along with it, while there, so I was actually sort of prepared to be buried alive in California.

It seems that the two quakes that shook up the northern part of the state and was felt in some places on down where we were, power split with a spectacular flash, a highway was blocked by an earth slide and store windows were shattered at the Division of Science. In that department is seen remarkable collection of skeletons. The Science Division contains a skeleton of a one hundred million year old sea serpent, of plesiosaur, which is installed in the Hall of Evolving Life. The accumulating reference collections and the field investigations naturally have given rise to con-

## Kinston News Round-Up

BY MRS. JOHN FOSTER — REPORTER

Citizens are reminded to remember the community picnic which will be held Monday night, August 13, at the Opp pool. Swimming from 5 until 7 will be enjoyed. All are asked to bring a picnic lunch which will be served at 7 o'clock.

On July 31 Miss Mary Martin, bride-elect of Bill Mullins Jr., was honored when Miss Polly Jones entertained with a soft drink party and towel shower on the patio at the Jones home.

The refreshments consisted of soft drinks served with chips. The drinks were arranged in a tub surrounded by green vines and marigolds. The only decoration was a bride doll setting in the middle of baby lace fern which was presented to Miss Martin as a keepsake.

Twenty-one girls enjoyed the party and Miss Martin received a numerous assortment of beautiful towels.

## Covington Electric Co-op

Phillips and girls of Topelo, Mississippi, were called home Thursday due to the illness of Mrs. Edwards and Mrs. Phillips grandmother, Mrs. Frank C. T. Russell, who is in an Opp hospital.

Mrs. Pearl (Sumblin) Soebie and children and Mrs. Maule Hopkins of Athens, Georgia, spent last week with Mr. and Mrs. Lee Sumblin.

Mr. and Mrs. John Sexton and Mr. and Mrs. O. L. Sexton and Gary of Andalusia have returned from a vacation at Grandview Cottage at Destin, Florida.

Mrs. Foye Anderson visited her nieces in a Geneva hospital Wednesday.

Glen Goodin arrived Thursday night from Fort Irwin, California, and is visiting his parents, Mr. and Mrs. Curtis Goodin.

Mr. and Mrs. Leon Mullins and girls of Pensacola, spent Sunday night with her parents, Mr. and Mrs. Carlos Rhodes, enroute to Tennessee.

Mr. and Mrs. Carlton Edwards and son of Tampa, Florida, and Mr. and Mrs. Edwin

Richie Garcia arrived last week from Panama Canal and visited his grandmother, Mrs. C. T. Russell, who is in an Opp hospital.

Mrs. Herbert Conson and Mrs. Curtis Goodin visited Mrs. Ben King Jr., at Santa Rosa Beach last Saturday.

Mrs. Clarence Bailey of Columbus, Georgia, spent last week with her parents, Mr. and Mrs. Hub Courson.

Mrs. George Wallace returned home Wednesday night after spending two weeks with her parents, Mr. and Mrs. Frank Baker, in Rhoads Community. Mrs. Baker is recuperating following surgery.

Mallory Tuberville and Edna Earl moved Tuesday into one of Mrs. Lena Ward's houses.

Mr. and Mrs. Hettie Price visited Mr. and Mrs. Thomas Weeks Wednesday night.

Mr. and Mrs. Clyde Conner of Fort Valley, Georgia, and Mr. and Mrs. J. L. Donaldson and family of Montgomery spent the week-end with Mr. T. Russell.

Miss Francis Clark of Mobile spent a few days last week with her mother, Mrs. Emma Clark.

Mrs. Rufus Murdock and Mr. and Mrs. Clarence Spears of Goner spent Friday with Mrs. Maud Bowden Jr., and family.

Mrs. M. T. Bowden, O. C. Niles and Mike made a business trip to Dothan Friday.

Mrs. S. S. Riddle of Montgomery spent a few days last week with her parents, Mr. and Mrs. W. H. Hare, in Andalusia.

Mr. and Mrs. Bill Daye spent a few days last week with Billy Day in Pensacola.

Tim Archib, son of Mr. and Mrs. Cecil Archie, spent last week in DePue Springs, and treat this week. Dr. Graham and a group of boys left Tuckahatchee, near Prattville, where they will stay through Thursday.

Mr. and Mrs. Sam Stinchcomb and Mr. and Mrs. Jim Milford and baby of Montgomery were Sunday dinner guests of the W. Hares.

Mr. and Mrs. Dewey Hataway of Destin, Florida, made a short visit in Kinston Saturday.

Misses Nina Smith and Pansy Helms of the University of Alabama spent the week-end with their parents, Mr. and Mrs. Howard Smith, and Mr. and Mrs. Fletcher Helms.

Mr. and Mrs. Edgar Thorne and family of Jacksonville, Florida, are spending this week with Mr. and Mrs. Carey Thorne.

Mr. and Mrs. Morris Sheffield and girls of Birmingham visited Virginia Weeks, recently.

Misses Lillie, Lara and Cora Jernigan visited relatives in Pensacola last week.

Mr. and Mrs. Gene Bess and son of Elba visited the H. E. Bess family during the week-end.

Mr. and Mrs. John Foster was a Sunday night guest of Mrs. Sallie Childers in Bonifay, Florida.

Mr. and Mrs. Chester Bedsole visited Mr. and Mrs. Boyce Taylor and family Sunday in Marianna, Florida.

Mrs. Bertha Fuller returned to her home Saturday in Winter Garden, Florida, with Mr. and Mrs. Wallace Jackson who returned to their home in Indian City, Florida.

Seventeen million Americans suffer from a hearing handicap. Ten per cent of school children have some degree of hearing defect. Present day efforts are directed to the prevention and surgical correction of early hearing loss.

It is estimated that one out of every ten persons suffers from otosclerosis. This is the formation of an overgrowth of spongy bone in the labyrinth or inner part of the ear. The bony growth prevents the stapes or stirrup from vibrating normally to transmit sound.

Heardness due to this fixation of the stapes was discovered as early as 1735. In 1938, more than two hundred years later, the fenestration operation was conceived. The fenestration operation forms an opening or window into the inner ear for the restoration of hearing in cases of otosclerosis. Penetration is derived from the Latin word fenestratus, meaning furnished with windows.

Just ten years ago, while testing for stapes fixation, an otologist accidentally started the stapes to vibrate; and the patient could hear quite well, although with a tiny polyethylene tube. As a result bone continuity was re-established as well as the normal transmission of sound.

The stapes mobilization operation is restoring hearing to many victims of otosclerosis. An estimated 90 per cent of cases of this surgical procedure can attain normal restoration of sound.

When The Clipper asked them why they had gone into business they said they wanted to make money so they could spend it. Perhaps other business folk would take some pointers from them. They were excited and not a worry in their heads as to if their product would sell. If they thought about it at all they were sure they could sell their lemonade. There isn't a business in Elba any more cooperative than the "lemonade" merchants.

George Houtt, director of the R. A. organization of the First Baptist Church, and the pastor, Dr. Charles Graham, are offering members of that organization a rare opportunity to see a new product, a new machine, one furnished by Camp Tuckahatchee, near Prattville, where they will stay through Thursday.

The boys will engage in well planned Bible study and recreation activities under the supervision and direction of capable and dedicated leaders. Those who went with Dr. Graham were: Larry Bruce, Steve and Frank Clark, Steve and Kim Dorsey, Rickey Jeter, Jack Hudson, William Padgett and Jackie Windham. (Pictures will be in Clipper next week)

Some people depend upon things outside themselves. Some live for their work or for pleasure, or to achieve some ambition.

The Christian has a well within. Jesus said, "The water that I shall give him shall be in him a well of water springing up into everlasting life." All those who trust Christ find that they have an unfailing source of strength.

PRAYER:  
O God, our Father, who art the source of all strength, help us this day to drink from the unfailing fountain of life. For all the tasks we have to do and the temptations we have to face, may we find within us the strength Christ promised to all who trust Him. In His blessed name we pray, Amen.

Jeannette Grantham, John Vaughan To Be Married August 18

Miss Jeannette Grantham and John W. Vaughan announce plans for their wedding which will take place Saturday afternoon, August 18th at 5 o'clock, at the Westside Baptist Church of Elba.

The bride-elect will be served by her sister, Mrs. Barbara Hudson, of Montgomery. The matron of honor, Miss Linda Allen will serve as maid of honor and Miss Tula Davis will be bride's maid.

Tommy Vaughan will serve his brother as best man. Ushers will be Johnny Locklear and Jimmy Holter. Junior ushers will be Kenneth Grantham, nephew of the bride and Darryl Taylor, cousin of the groom.

David Smith, nephew of the bride, will be ring bearer. Nuptial music will be presented by Miss Freddie Johnson, pianist and Bobby Hudson, of Montgomery, brother-in-law of the bride will be vocalist.

All relatives and friends are invited to attend the wedding and the reception that follows in the social hall of the church.

BRIDE-ELECT HONORED

The W. Y. A's of the Westside Baptist Church honored Miss Jeannette Grantham, bride-elect of Johnny Vaughan, with a kitchen shower Tuesday night, July 24th in the church social hall.

Several bridal shower games were played by the guests. Light refreshments were served to the honoree, her mother, Mrs. R. C. Grantham, Miss Sue Hudson, Miss Henrietta Mack, Miss Carolyn Hudson, Miss Linda Parker, Mrs. W. B. L. Bozeman and Mrs. Eleanor G. Limore.

LINEN SHOWER

Miss Grantham was complimented at a linen shower, Friday night, July 27, at the social hall of the Westside Baptist Church.

Bridal clothes of lavender and white were used throughout in the decorations.

The hostess included Mrs. Cliff Allen, Miss Linda Allen, Mrs. R. C. Grantham, Miss Carolyn Hudson, Mrs. Hollis Havis, Miss Tula Davis and Miss Polly Clark.

The guests presented a dress of white chiffon, and Miss Barbara Stucky, wearing red chiffon, served the refreshments. The color theme to be used in the wedding is red and white. This color theme is carried out in the flowers used in decoration and in the refreshments.

The tea table, overlaid with a lace cloth over red, held appointments of crystal including a punch service. The color theme to be used in the wedding is red and white. This color theme is carried out in the flowers used in decoration and in the refreshments.

Guests were members of J. W. English's Sunday School class and included Mr. and Mrs. Curtis Duke, Mr. and Mrs. Wm. Lansford, Mr. and Mrs. David Jones, and Mrs. Fred Young, Miss June English and Harold Brooks, Mrs. Wm. Charles Gunter and the hosts and hostesses.

Mrs. Bill Martin was hostess at her home on Troy Road Thursday evening when her guests were members of the Gladys Dorsey Sunday School Class.

## Victoria Community News

BY MRS. BILL THOMAS — REPORTER

R. D. Dyess and Steve Bragg of this community are confined to the hospital in Troy.

Mark McCollough returned to his home Friday after several days in an Enterprise hospital.

Those spending the day at the home of Mr. and Mrs. Will Smith Sunday were Mr. and Mrs. Sam Smith and children of Panama City; Mr. and Mrs. Mack Smith and children; Jaff and Debbie of Syracuse, New York; Miss Judy Smith and a friend; Hal Holden, of Montgomery; Mr. and Mrs. Jack Parker, Angolia and Leslie of Clayton, Mr. and Mrs. Jim Goodson of Enterprise; Mr. and Mrs. Mildred Smith, Sue and James and Tynon Smith, Don and Erma, Mr. and Mrs. L. E. Perkins, Wilene and Ed, and of Brundage.

Mr. and Mrs. Leon Atkins of Columbus and Mr. and Mrs. John Carter called at the home of Mr. and Mrs. Frank Sexton Sunday afternoon.

Mr. Peggy Hoffman of Milwaukee, Wisconsin, is spending this week with her mother, Mrs. Nettie Folsom.

Mr. and Mrs. Byron Folsom and sons of Cullman, John, Ed and David, were weekend guests of Mrs. Nettie Folsom.

Tubal Thomas and family of Bufala were Sunday visitors at the home of his mother, Mrs. Mattie Lee Thomas.

Mrs. Esther Brown, Janice Chipper and Tracy, of Panama City, and Mrs. Richard Jewell of Loganville, Wisconsin, spent Sunday with Mrs. Nettie Folsom, and Mr. and Mrs. Bill Thomas.

Mr. and Mrs. Pernie Hurston of Columbus, Georgia are visiting their parents, Mr. and Mrs. J. N. Hurston, and other relatives this week.

Mr. and Mrs. Casey Wiese attended the funeral of Mrs. Russel in Enterprise Monday.

Mr. and Mrs. Kenneth Petty, Mr. and Mrs. Denna, of Columbus, Georgia visited their parents, Mr. and Mrs. Forrest Parrish, recently.

Forrest Parrish was called to the home of his father, Andrew Parrish of Phenix City, last weekend on account of his father's illness. Mrs. Eunice Crawley and Ray Crawley accompanied him.

J. C. Thomas of Laverne visited relatives here last Thursday.

Mr. and Mrs. Robert Belvin and children, Bob, Jo Anne and Elise, of Pensacola, visited in the home of her parents, Mr. and Mrs. M. C. Boutwell, and Martin last weekend. Mr. and Mrs. Fred Belvin and son, Eric, also spent Sunday in the Boutwell home.

Early in 1940 the keel of the fourth ALABAMA was laid at the Norfolk Navy Yard and less than three months following the Japanese attack on Pearl Harbor, the USS ALABAMA (BB-60), was launched in a colorful ceremony attended by many prominent citizens and officials of Alabama.

The ship was named in honor of the greatest fighting ships of World War II. During the war the ALABAMA earned Battle Stars on the Asiatic and Pacific fronts for her part in the continuous fighting operations during most of the great Pacific campaigns including among others the Gilbert, Mariana Islands, Okinawa and the battle of the Philippines.

Bedford Seal, chairman of the publicly-owned Alabama State Fair Authority, which took over operations of the Alabama State Fair in 1947, predicted that entries for the 1962 State Fair would exceed all others.

Members of the Alabama Agricultural and Industrial Exhibition Commission who are helping stage the State Fair this year are Commissioner Bamberg, Dr. W. A. LeCroy, State Superintendent of Education, Dr. Ralph Draughton, President of Auburn University and Dr. Frank A. Rose.

Prizes will be awarded again this year in the popular women's department, the fine arts division, the flower show and other famous State Fair features.

A new feature this year will be Alabama's first International Exhibition of photography, of which John Kubilis, Jr., of Huntsville, is chairman and Ed Willis Barnett, of Birmingham, is exhibition chairman.

Prizes also will be offered in the special science achievement division, the flower show and other famous State Fair features.

Another new feature of the State Fair this year will be a poultry exhibit, to be a forerunner of a poultry show in recognition of the fast-growing poultry industry in Alabama.

Chicken production has become a major industry in the state.

Mr. and Mrs. Joe Virag and children, Tony, Cathy and Mike, Herod Wilbey and Linda, and Mrs. Forrest Parrish were Sunday guests of Mr. and Mrs. Woodrow Jackson.

Senator Lister Hill Assured "Alabama" Not Dismantled

WASHINGTON, D. C. — Senator Lister Hill (D., Ala.) stated today that the Navy Department has officially assured him that it will not dismantle the famous battleship ALABAMA until January 31, 1963.

The ship was originally scheduled for scrapping and to be stricken from the naval vessel register as of June 1, 1962.

Hill said that efforts to discontinue the ship's status will be withdrawn pending a report by a committee appointed by Gov. George Wallace to investigate the feasibility of establishing the ALABAMA as a shrine to the gallant men and women of Alabama who served the nation during World War II and the Korean conflict.

The senior Alabama Senator Sparkman (D., Ala.) urged officials at the Defense Department to give favorable consideration to a joint resolution of the Alabama legislature requesting that the ship be retained as a State shrine.

"It will be most appropriate if the ALABAMA's brilliant naval career culminates in her being preserved as a memorial to the valor, devotion and supreme sacrifice of the brave men and women of Alabama who served our nation during World War II and the Korean conflict," Hill said.

Hill expressed pride that the ALABAMA earned nine Battle Stars on the Asiatic and Pacific fronts for her part in the continuous fighting operations during most of the great Pacific campaigns including among others the Gilbert, Mariana Islands, Okinawa and the battle of the Philippines.

Bedford Seal, chairman of the publicly-owned Alabama State Fair Authority, which took over operations of the Alabama State Fair in 1947, predicted that entries for the 1962 State Fair would exceed all others.

## The Elba Clipper

VOLUME 65

Elba, Alabama, Thursday, August 16, 1962

NUMBER 12

## Disqualified Electors To Be Published In County Newspapers

Later this month a list of September 1, 1962, every qualified elector must identify themselves will be published and then removed from the qualified voters list. This means that those who do not identify themselves before October 1st will be forced to remove from the list of qualified electors of the county.

The Board of Registrars is urging all voters to identify themselves before October 1st. This is a provision of the act of the Alabama Legislature which was approved June 1, 1959, providing for the identification of voters of Alabama.

There are a large number of voters who have failed to identify themselves and will not be eligible to vote in the November general election. The law provides that after

the names of those who have failed to identify themselves will be published in the county newspapers.
